

The Home of Healthcare Suppliers and Services

Access to market-leading industry information, 24/7

Our Story

At HealthcareShow247, we believe that there isn't one single place that allows potential healthcare prospects to get information on healthcare and medical exhibitors and the wider supporting community.

The current marketing opportunities for franchise exhibitors provides financial challenges for many and restricts the amount of visibility they can get.

The costs, and more importantly, the time and climate impact, of attending physical events where members exhibit, are prohibitive for many potential prospects who are just seeking current market understanding and to consider their options.

Our Objective

With this is mind, we set out to make something different:

- An online digital community where anyone can get easy access and information on every exhibitor in the wedding space.
- A community where there is no restrictive financial entry barrier to have a presence.
- A community where all exhibitors have an equal status.
- A community that is accessible 24/7 from anywhere in the world.
- A community that provides added value additional information, such as talks, webinars, reports and more.

What do we offer?

The HealthcareShow247 exhibition hall allows exhibitors to showcase their healthcare suppliers and services companies that provide support and advice as well allowing visitors to browse dedicated floors such as mental health, midwifery, surgery, respiratory and much more.

Your Virtual Space

It's no different from a real physical exhibition. Your virtual space is branded for you in your colours and with your logos, plus all of your promotional materials available to our visitors. You can customise your space whenever you want, so if you have a new product or a new logo to unveil, you can easily add this via the Client Profile.

BLOG

Explore our blog
